WHY APPLE? WHY TWITTER?

Apple chief executive Tim Cook gets \$750m payout

3 days ago

Mr Cook's payout was part of a deal he struck when he took over from co-founder Steve Jobs

- Apple is the **largest** company by market cap.
- But do people like the company? Does Apple have fans?
- Twitter allows to get data.

PROJECT GOAL

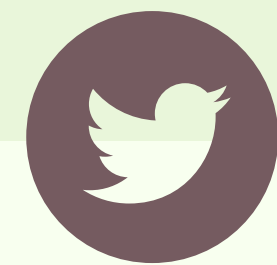

Understand and analyze **tweets** related to **Apple**

DATASET

- From Kaggle
- 1624 unique values (tweets)
- Dec, 2014 - Jan, 2015
